**LIBERTY LESSONS
IN LOCAL SCHOOLS**Schools to Assist in the Sale of
Bonds During Third National
Campaign

ONE LESSON EACH WEEK

Manual Training Department to

Make Checker Board For Soldiers
—Thrill Stamp Posters

A Liberty loan lesson is taught to the children in the junior high school every week and according to Supt. J. H. Scholl, this practice will be continued until the close of the third Liberty Loan campaign.

Liberty Loan leaflets are distributed here each week and are used by the reading classes after which explanations and discussions concerning the loan are given in order that the pupils may fully understand the campaign.

"There is a double purpose in giving the school children definite information regarding the loan campaign," declared Supt. Scholl. "The effect will be felt directly through the children and indirectly through the effect the children will have on their parents."

A plan is on foot among state school heads to keep in touch with county school superintendents to see that Liberty Loan news is distributed to each school in the state each week. Local and county school authorities have taken an active part in the preparation for the beginning of the campaign and it is believed that the schools will assist in the sale of bonds more during the third campaign than ever before.

Two more calls have been made upon the school children of Rushville to serve their country and they are responding with their usual promptness. Both of these duties fall with certain departments. An order has come to the Manual Training department to make a checker board of certain measurements, which will also serve for a game board, for the army Y. M. C. A. Similar orders have been sent to a number of manual training departments. The local boys, who have already excelled in Manual training, have entered upon the task with great interest and the board will soon be completed.

"A poster contest," is the latest request of the treasury department, which asks that the art pupils compete in making the most Thrill Stamp posters. The request has just come but the department will take up the work immediately, urging the young artists to take part.

**The
Food Administration
Says:**

The Allies look to America for help. They must have meat in ever-increasing quantities. The men who are fighting for you and me MUST have meat and lots of it. Fighting is the hardest work in the world.

All we've got to do is to eat an average of ONE OUNCE less—one cubic inch less—of meat a day. This, multiplied by 100,000,000 will make good the need.

We have a superabundance of vegetables. Double the use of vegetables. They take the place of the wheat and meat, and, at the same time, are healthful. Use potatoes abundantly. Use fruits generously.

SALE BREAKS ALL RECORDSMcCorkle-Jackman Stock Auction
Monday Nets \$23,302

The McCorkle-Jackman stock sale held at Frank McCorkle's barn in Milroy yesterday has by far broken all records of any of its kind ever held in Rush county. The sale totaled \$23,302.70. The closest one ever held in the county was the sale of the Daniel Brown estate, that still holding the record for a general farm sale. The receipts from that sale were \$15,500, and it was held November 3, 1916. The McCorkle-Jackman sale was a general stock sale.

**INDICTMENTS ARE
REGARDED AS VOID**Bench Warrants Withdrawn Since
Ruling Grand Juries Must be
Drawn in Regular Way

NEW NAMES DRAWN FROM BOX

Bench warrants issued for the arrest of persons indicted by the grand jury last week have all been withdrawn since the decision of Special Judge Will A. Hough of Greenfield in circuit court Saturday afternoon sustaining the plea in abatement of the defense in the case of the state against Curtha Wagner, charged with perjury. The ruling of special judge was based on the decision of the Indiana supreme court handed down last week, in which it was set forth that an indictment by a grand jury which was not drawn in the way provided by law was not legal.

Three members of the grand jury which returned eleven indictments last week were excused for cause and three members were "picked up" without their names having been drawn by the jury commissioners in the regular way. These three men, Alfred Caldwell, John A. Jones and O. M. Harton have been excused by Judge Sparks and Edgar Morris, Manzy Bebout and Edgar Wilson have been drawn to take their places. The grand jury will meet Thursday and take up the investigations which resulted in the indictments.

**BALANCE OF AGENT
FUND TO BE RAISED**This Will Be Outgrowth of Meeting
of About Fifty Farmers Mon-
day Afternoon

NEED ABOUT \$10 TO TOWNSHIP

The necessary \$500 to get a county agricultural agent here will be raised very shortly as an outgrowth of the meeting of farmers yesterday afternoon to plan the campaign. It was reported at the meeting that approximately \$230 had been contributed to the fund already and that about \$30 was subscribed at the meeting. Prorated among the townships, the balance makes about ten dollars to the township. Committees were appointed to get the sum needed from each township.

T. A. Coleman, formerly of this county, who is in charge of county agents work under the Purdue university extension department, addressed the meeting. Some opposed to a county agent were present and proposed that a vote be taken to see county agent. There were about fifty farmers present.

"That is beside the question," replied Mr. Coleman to the proposal. "The government has said that to increase crop production as desired, there should be an agricultural agent in every county. Now it remains whether you men want to be on the side of the government to win the war or against it."

**FLOUR RULING IS
AGAIN MODIFIED**Farmers no Longer Limited to 12½
Pounds But May Meet Family's
Needs For 2 Weeks

THE LIMIT IS FIFTY POUNDS

City Customers Urged Not to Take
Advantage of Ruling and Buy
at More Than One Store

The ruling limiting farmers to a purchase of 12½ pounds of flour has been modified so that a sufficient amount may be bought at one time to "meet a family's needs two weeks after the date of purchase, but in no case shall the purchase exceed fifty pounds." The rule was modified because farm work is beginning intensively and farmers will need their teams for farm work instead of going to town. The notice has been sent out by Food Administrator Barnard to all county food administrators.

The notice reads: "Farmers who live at a distance from stores, and who use only home-baked bread, can not plow land if their teams have to go to town frequently to bring home flour." The notice further says that "in towns where baker's bread is not available the limit may be extended to twenty-five pounds."

In part, the letter to county food administrators reads:

"The flour shortage is acute. Reports received from fifty counties show a stock on hand sufficient to meet our usual needs for eight days. With the use of an equal amount of substitutes we are assured of a supply until about March 15. But the stocks are not well distributed. Many counties are almost without flour, others have a fair supply. The demands for wheat and flour for export grows more urgent daily. Only the most careful control of the distribution of flour will carry us through to the next harvest."

Grocers are asking the co-operation of the public in observing the strict rulings. Many questions have come up as to where the limit of town and country people live, the rulings for country customers allowing them more flour at one time

**RELATIVES PIN STARS
IN THE SERVICE FLAG**Unfurled at Manilla Methodist
Church Before Large Audience—
Names of Boys Honored

LIBERTY GUARDS TAKE PART

The service flag of the Manilla Methodist church was unfurled Sunday evening in the midst of a large crowd when appropriate services were conducted by the pastor the Rev. Mr. Anthony.

A program of patriotic music was given and the Liberty Guards, a company of state militia recently organized at Manilla participated in the ceremonies. The names of the boys from the Manilla community in the service were called and as each name was mentioned, the nearest relative of the young man present, stepped to the flag and pinned a star in the white field. Stars for the following boys are in the flag:

Fred Shelton, Ralph Fox, Carl Miller, William Hilligoss, Cyrus Patterson, John Passmore, Arthur and Wallace Edwards, Joseph Arbuckle, Albert Cotton, Harry Rozell, Oral Hedge, Clifford Haehl, Dr. Deprez Inlow, Dr. Fred Inlow, and Claude Strode.

ASSAULTS SISTER, CHARGE

Ed Bowen has been admitted to \$50 bail in circuit court after having pleaded not guilty to a charge of assault and battery on his sister, which was made in an affidavit.

**LOCATION OF LILLY
UNIT IS DISCLOSED**Members of Hospital Unit No. 32
Stationed Back of American
Sector at Toul

LETTERS REFER TO CABLE

Which Disclosed Station of Unit at
Contrexeville a Small French
Town

The Lilly base hospital unit, No. 32, in which there are a number of Rush county men and women, is believed to be "stationed at Contrexeville, France, a small town south of Toul, which is about thirty miles back of the firing sector recently taken over by American troops."

"See the issue of the Youngstown, O., Telegram of January 4," has been contained in a number of letters written home from members of the unit. Investigation disclosed that the Youngstown paper on that day published a cablegram from a member of the base hospital No. 32 stating that they had just arrived at Contrexeville, France, and it is believed that members of the Lilly base unit have resorted to this manner of telling homefolks of their exact location, fearing the censors would "cut" their letters if they attempted to disclose their station in the usual manner.

It is inferred from circumstances of course, that members of the hospital unit or at least part of them are at the French village, Contrexeville. That the hospital unit is stationed near the firing line has been made certain by recent letters received here which stated that "they could hear the boom of the big guns on the firing line."

Some letters received, however, have indicated that the members of the base hospital No. 32 are at Nancy which is some distance from Contrexeville. Messages from Capt. Dolph Humes have indicated that the headquarters were at a city in France well known as a famous watering place where several large hotels had been turned over to the use of the unit. Nancy is much larger than Contrexeville and the chance for occupying several large hotels would be much better.

**IS DISCHARGED AND
WILL JOIN THE ARMY**Chase Taylor Will Be Voluntarily
Inducted and Selects The Coast
Artillery At Columbus

ARRESTED WEEK AGO MONDAY

Chase (Bill) Taylor, brother of Chester Taylor who was convicted of assaulting Chief of Police Yakey, was dismissed in police court this morning on motion of the prosecuting attorney and will be voluntarily inducted into the army Thursday. Taylor was arrested a week ago yesterday by Chief of Police Yakey on a charge of public intoxication just a short time before he started to arrest Chester, which was the beginning of the trouble which caused Chester to be sent to the state penal farm for 90 days and fined \$200.

Chase has been in jail ever since he was arrested awaiting arraignment in the police court. It is understood that he was discharged on the promise that he would voluntarily go to the army out of his order. He has selected the coast artillery and will be sent to the barracks at Columbus, O. Taylor probably would have come in the next quota.

GRANTED A DIVORCE

Florence Morris has been granted a divorce from Clyde Morris by Judge Sparks on payment of costs, and the custody of her minor child. She also was allowed \$3.50 a week for the support of the child.

PLAN DISTRICT MEETINGMethodist Ministers Meet Here To-
day to Make Arrangements

Definite plans for the district meeting of Methodist ministers to be held in May were made at the all day session of ministers of the churches from several points in the district held today at the home of the Rev. C. S. Black. Eight ministers attended the meeting, which was presided over by Dr. C. E. Bacon, district superintendent, some being from Connersville and Shelbyville. Manilla and Carthage have asked for the meeting.

**RUSH COUNTY WILL
PROVIDE 2 LABORERS**Quota For First Call Under New
System—Men From Class One
For Ordnance Corps

TWO MEN HELD FOR SERVICE

Rush county will have to provide two laborers out of class one registrants to make up the quota from this state to be inducted into the ordnance corps, according to word received today by the army selection board here. The men have not been selected. The board will consult the questionnaires and pick two men nearest the head of the list who are qualified. The order points out only white men who are physically qualified for general military service are wanted. They will leave the latter part of the week for Fort Screven, Georgia.

The board has made out the necessary papers for Joseph D. Schultz who registered in Ripley township and is in class one, to be inducted voluntarily into the service from Richmond where he is employed. He will go to the coast artillery at Columbus, O.

The board has passed on five more physical examinations, holding two for service, one for limited service and disqualifying two: William J. Summan of Mays and John J. O'Reilly were found physically unfit and Henry Oneal was held for limited service. Joseph L. Tuerff of Manilla and Clifford A. Harwick of this city were found physically fit.

**PERMANENT BODY IS
FORMED FOR THE WAR**Meeting Held in Court House Re-
sults in Organization Covering
Whole County

COMMITTEES ARE APPOINTED

A war relief organization "for the duration of the war" with a committee of three in every township in Rush county and an executive committee of five, consisting of heads of five war organizations, was the plan perfected at the meeting of representatives of all parts of the county held in the court house this afternoon. After the plan was determined upon, the representatives from each township met and selected their committees.

The new organization will have a number of advantages. T. M. Green, chairman of the County Council of Defense, and E. B. Thomas, chairman of Red Cross cited. Energy will be saved, there will be no duplication, for the committees are to have charge of all war relief work in the future. This shall not be interpreted to mean, they explained changing any present organizations, however.

Senator Lewis, Democratic Leader,
Sets at Rest Rumors of Secret
Pact With Japan

(By United Press.)

Washington, March 5.—If Japan sends an expeditionary force in to Russia she will do so without the approval of the United States government.

It was stated on the highest authority that the delicate question facing President Wilson and his cabinet is whether or not to protest against the Japanese proposal—and if so how strongly.

The United States—fighting for democracy—"will not allow any conduct from any foreign people that will endanger the principals of democracy," Sen. James Hamilton Lewis, democratic leader, declared on the senate floor in discussing the Japanese intervention in Siberia.

Lewis' declaration was accepted as a virtual guarantee that the United States will not tolerate any suggestion of militaristic gains by the Japanese.

Lewis said also he wished to set at rest rumors that the United States has a secret agreement with Japan.

"There is no alliance between the United States and Japan," he said.

RESIGNATIONS ANTICIPATEDRussian Premier and Foreign Minis-
ter Likely to Quit

London, March 5.—The German government has been advised that the resignations of Lenin and Trotsky, Russian premier and foreign minister, are expected, according to dispatches from Berlin today.

A dispatch from Petrograd stated that the enemy is reported advancing on Petrograd.

A German airplane dropped bombs on Petrograd Monday afternoon. Monday night anti-aircraft forces reported driving off airships from the outskirts. The attack occurred after peace was signed at Brest-Litovsk. Both Russian and German official statements said the pact was signed Sunday.

Wire Brevities

(By United Press.)

Indianapolis, Ind., March 5.—The second Indiana Artillery regiment will not be called into federal service. Provost Marshal Crowder today informed Indiana officials that the federal government will recognize the regiment only as a home guard organization. The men in the regiment will be placed in a deferred class in the draft.

Detroit, March 5.—A trusted station custodian who for several years has been in charge of the Michigan Central depot at Detroit has been seized as a German spy, it was learned today. Detectives charge he reported to German spy headquarters in this country many movements of troop trains.

With the American Armies in France, March 5.—American artillery violently bombarded the German trenches during a snow storm this morning, beginning at one o'clock and lasting an hour. The German artillery reply was weak. The Germans used their heavy guns in the rear of Montsec.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

LIBERTY LOAN CONFERENCE

A. L. Riggs Attends Meeting Designed to Utilize Parties

A. L. Riggs, Republican county chairman, attended the meeting of democratic and republican county chairmen held in Indianapolis today which was called to plan for the utilization of both political parties in the Third Liberty Loan drive. Every county in the state was to be represented by its county chairmen, who will discuss the intensive campaign and the new form of work that the political parties will do.

than for the people living in the city. Another problem is coming up among grocers for customers who trade with several grocers. Whether or not, they overstep the flour ruling of one pound a week for each member of the family, rests alone with the honor of the customer. With persons who trade at several stores, it would be an easy matter to order flour weekly at each of the stores. So doing, the grocers point out, will make the shortage more serious.

You May Find It In Stocking

Cincinnati authority says your troublesome corns just loosen and fall off

Sore corns, hard corns, soft corns or corns between the toes just loosen in their sockets and fall off the next day if you will apply directly upon the corn a few drops of a drug called freezone, says a Cincinnati authority.

You merely put a drop or two of this freezone on the tender, touchy corn today and instantly the corn stops hurting; then tomorrow sometime you may find the old torturous pest somewhere in your stocking, having fallen off entirely without a particle of soreness, pain or irritation. The skin surrounding and beneath the former corn will be as healthy, pink and smooth as the palm of your hand.

A quarter ounce of freezone is sufficient to rid one's feet of every corn and callus, and any druggist will charge but a few cents for it. It is a compound made from ether.

"S'long, s'long," came the cheery farewells of the soldiers in the big troop train which passed through the city at dusk last night on the Big Four. The mess call was sounding as the train passed slowly through and after waving in a friendly manner to people in the vicinity of the track, the men returned to their cars where a number of soldiers had already "fallen to" their evening repast with much gusto.

Don't Know Americans

German papers are gloating over the sinking of the Tuscania, expressing the conviction that the incident "must unfailingly dampen the spirits of Americans."

If evidence were wanted that Germany is lamentably ignorant of American character the above is sufficient. Americans are the last race on earth to be given to crying over spilt milk. Probably no nation in history has grown to commanding influence in the world over greater opposition than has the United States. Opposition is the bread of life to our people, and your red-blooded American has a mild contempt for any occupation that contains none of the element of danger or chance.

If proof were wanted to refute the insinuation of the Teutons that we would blanch at the dangers from their submarines, it is found in the act that before the ink was hardly dry on the papers in this country giving the news of the sinking of the Tuscania, enlistments in all branches had jumped to records never reached before. Thousands flocked

Here's Where The Fun Comes In

Fumigating the Bradley home where the smallpox quarantine has recently been raised, was quite an event and quite a crowd had gathered about to see each one of the children, after they were fumigated go into the house next door until their home was fumigated by the visiting nurse. Of the thirteen members of the family, twelve had the disease. When the last of the thirteen had left their home and gone next door to wait until their own home was cleaned, some one called, "Mrs. Bradley, are you good and sure you have all of those children out."

to every branch of the service, many with the avowed purpose of avenging the heroes so shamelessly butchered.

Germany is due for a very rude awakenings as to the real American character. She is also due to learn that when that sense of justice and right has been flagrantly abused and insulted, there is no hesitation on our part to resort to the weapons of force so dear to the German heart.

Germany, however, is merely whistling to keep up her courage. She sees her doom when our troops reach Europe in force.

Boys and Girls Clubs

The members of the boy's corn clubs, pig club, and the girl's canning clubs should be actively at work these days, that the enthusiasm may not be permitted to wane in the slightest degree. The work of these agencies never counted for so much as they will the coming season. The great urgency of food conservation during the coming year opens a field for the activities of these organizations never before offered them. Heretofore their work has been largely as a matter of pride in superior achievement for achievement's sake. Now there is the added incentive that every gain effected counts in the final winning of the war. Each worker has the full knowledge that his or her individual efforts are not only appreciated but urgently needed. This should spur them to the effort to discount all former records. The young people of the land are exhibiting a splendid patriotism and they may rest assured it is appreciated to the full by their elders.

Henry Ford is reported to have designed a machine for use against the U-boat. Some time ago he designed a machine that has overcome almost everything but a U-boat, and why not that?

This is the season of the year that the garden microbe shows signs of returning to life, and every warm day hatches out millions of him.

The senator from Wisconsin now has leisure to ponder on the pathos of that old song, "There's a Name that's Never Spoken."

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of out-of-date mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

WANT ADS BRING RESULTS

TO STANDARDIZE EVERY CHAPTER

Will be Purpose of District Red Cross Meeting to be Held in Connersville Friday

TO ASSIST WEAK CHAPTERS

Local Organization, One of Best in State, Will be Represented at Meeting

A district meeting of prominent Red Cross workers in the various counties, will be held in Connersville Friday for the purpose of bringing every county organization up to the standard. The meeting will open at noon with a luncheon after which there will be a round table discussion.

In a general way, the work accomplished in the district since the organization of the county chapters will be gone over and any changes for the betterment of county organization suggested by the county representatives, will be made.

Plans will be made to assist several of the counties to get sufficient funds to manage their organizations properly. Because of the demands which are growing greater almost every month, some of the chapters seem unable to flourish and are greatly in need of money. Changes in their organizations and method of conducting Red Cross affairs will probably remedy the trouble.

Although E. B. Thomas, Rush county Red Cross chairman, and Robert Mansfield expect to attend the meeting, it is not believed that any changes in the county organization will be made here, since Rush county as a result of the ready cooperation of the people, has been getting along exceptionally well and have had little difficulty in securing funds.

This is the first meeting of the kind to be held in the state and will be participated in by representatives of Wayne, Randolph, Henry, Hancock, Shelby, Rush, Fayette, Union and Franklin counties.

CARLOAD OF SEED CORN ALLEVIATES SHORTAGE

Between Eight and Nine Hundred Bushels Enroute to Rush County From Missouri

IS RECOMMENDED BY PURDUE

A carload of seed corn is on the way to Rush county to alleviate the grave seed corn shortage which the farmers were beginning to regard helplessly as corn planting time drew nearer. The corn was grown in Missouri and will be sold at cost, which will be about five dollars a bushel.

The corn, which is of the Reed's yellow dent variety, is of excellent quality and has been grown in Missouri for only one year, the seed coming from Marion county, Indiana. The corn matured early and the rigid test, under which the corn was placed, disclosed the fact that it contained only seventeen percent moisture.

The corn has been highly recommended by Mr. Wianko of the Purdue crop department and in a telegram urging the purchase of the seed stated that the corn was "O. K. for Rush county soil."

The carload will contain between eight and nine hundred bushels and will be distributed under the supervision of George Green and George Thomas from the Ball and Ormes elevator. Marion Detrick, county emergency agent, urges the farmers in need of corn to place their orders with him as early as possible in order that more corn may be ordered if this carload is not sufficient. Orders for seed may be either mailed to Marion Detrick at the county superintendent's office or he may be called over the phone at the same place.

CALLS ON RETIRED FARMERS TO HELP

President of Wabash College Says There Are Many of Them Who Can be of Great Service

AN ADDRESS AT SOUTH BEND

South Bend, Ind., March 5.—"Patriotism in America must make itself felt," declared Dr. George Mackintosh, president of the Wabash College, addressing the Chamber of Commerce yesterday. "The government," he said, "can conscript men for the army and navy and by taxation conscript certain of our earnings and war profits, but there is a branch of the service that calls for our help as free moral agents, and the conscription force back of that must be the social mind."

"The retired farmer is a good business man or he would never have retired," said Mr. Mackintosh, "and there are lots of them from 50 to 70 years of age who can be of great service to the country with their minds, and some of them also with their hands." He called attention to the work being done by the older men of England and France and even by the women, "and they are our allies," he said. "If the worst comes we may have to do the same here in America."

ANTI-SALOON LEAGUE DAY TO BE OBSERVED

For This Reason Rushville Ministerial Association Postpones Armenian-Syrian Relief Week

NEW PASTOR HERE WELCOMED

Plans for the observance of Anti-saloon League Sunday in the churches here next Sunday were discussed at the meeting of the Rushville Ministerial association this morning. Special speakers will be provided for all churches in observing the day. It was pointed out that this is especially important just now since the question of the legality of the state prohibition law is hanging in the balance as well as the fact that the national "dry" amendment is ready to be ratified by the several states.

This morning's meeting was the first held since the Rev. L. E. Brown has assumed the pastorate of the Main Street Christian church and he was welcomed into the organization. The observance of Armenian-Syrian Relief week, beginning next Sunday, as requested all over the nation, was postponed by the association on account of arrangements having already been made for Anti-saloon League day Sunday.

A daughter has been born to the wife of Oscar Decker of near New Salem. The baby has been named Louise.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and clogged. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to cleanse and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

WHERE YOU ALWAYS BUY FOR LESS

THE LITCHFIELD GUARANTEE

Buyers have been so many times misled and disappointed with the usual carelessly given and as carelessly backed up GUARANTEE that we want to tell our customers what a real, genuine machine guarantee is.

We are selling the RUSHVILLE SPECIAL manure spreader, manufactured by The Litchfield Mfg. Co., and we have the privilege of issuing with every machine we put out, a WRITTEN GUARANTEE BOND, which we send to the factory for an official signature, and this guarantee then comes to the owner of the spreader and protects him for FIVE YEARS.

The reason this unusual and unquestionable guarantee can be given on this spreader is because the manufacturers know how it is built and what kind of material is put into it and are ready to back it up accordingly.

The Litchfield Co. have developed this spreader along its present lines for fifteen years. They are the oldest builders of manure spreaders now in the business, and probably are producing the largest number of machines of any one factory in the United States. They make manure spreaders and they make nothing else. They know the game from "A" to "Z" and when you get a Litchfield Spreader from our stock of machines we are in position to give you a KNOWN guarantee which under ordinary conditions and with many ordinary machines, would be entirely impossible.

Come in and see this guaranteed spreader and let us show you the GUARANTEE BOND that we are permitted to issue with it and which is backed by the factory in connection with each individual sale. Come and see for yourself.

Strive To Have Healthy Skin

Next time you are in a gathering of women note the different conditions apparent in complexion. You will see some filled with blackheads, some dry and rough, some smooth and greasy, some smeared with rouge, some streaked with heavy metallic powders and once in a while you will see one that is a demonstration of intelligence from every point of view. The color is rosy, the skin is clear and smooth, the pores are small and open, the powder does not show on the firm vigorous skin. Every woman can have a good complexion if she will only use a little discretion. If you would acquire real beauty, the beauty of perfect health, you must replenish your worn-out nerves with lecithin, Nature's own nerve restorer, and put into your blood the invigorating iron which Nature intended it to have for health. In most of the modern foods these and other vitalizing elements have been largely eliminated. Yet to be healthy and beautiful the system must have them. They are found in Bio-feren, not only in proper proportions to restore weakened vitality but in such form as the system can best assimilate them. A treatment of lecithin and iron peptonates as combined in Bio-feren increases the appetite, aids nutrition and invigorates the patient. And Bio-feren in its pellet form is easy and palatable to take—no liquid.

Iron discoloration of the teeth, no unpleasant taste. There is no secret or mystery about Bio-feren. Doctors prescribe it regularly because they know exactly what it contains as well as what it will do and they know they could not formulate a better up-building tonic. The action of Bio-feren on the system is so beneficial, we are sure of its giving you positive health and vigor, providing, of course, there is no serious, chronic ailment such as cancer, tuberculosis, etc., that we only sell it on the condition that you agree to return the empty package and accept a refund of your money unless you are entirely satisfied. There is no use waiting for health and beauty. It is better to do things today than tomorrow. Go to your physician today—right now—he will advise Bio-feren. Then start taking it at once as he advises or as directions on the package call for. The guarantee protects your money. Interesting booklet may be had for the asking. Large package \$1.00 at all leading druggists or direct if your druggist can not supply you. The Serravallo Remedies Co. Inc., Cincinnati, Ohio.

KNIGHT TEMPLAR MEETING

Rushville Commandery No. 49 K. T. will hold their regular stated convocation Wednesday evening beginning at 7:30. All Sir Knights are requested to be present.

SALT AT BALL AND ORMES

Society

The women of the March division of the Woman's Missionary society of the Main street Christian church will be hostesses at the regular meeting of the society which will be held Thursday afternoon in the church parlors.

The Bible study will be in charge of Mrs. Wilford Grindle after which Mrs. Albert Allen will discuss the study chapter on "Conflicts of Today in Africa." Hidden answers will be in charge of Mrs. W. O. Walton and the musical program in charge of Miss Wanda Wyatt, will be given by the Misses Lucile and Maxine Brown.

The hostesses for the meeting are Mrs. D. M. Hilligoss, Mrs. Cliff Winship, Mrs. Will Amos, Mrs. Carl Beher, Mrs. H. B. Carmichael, Mrs. J. D. Case, Mrs. G. V. Conoway, Mrs. D. H. Dean, Mrs. J. P. Frazee, Mrs. Wilford Grindle, Mrs. Leila Gilbert, Mrs. C. H. Parsons and Mrs. Robert Powell.

A pleasant meeting of the Monday Circle was held yesterday afternoon with Mrs. B. F. Miller at her home in North Morgan street. The program was in charge of Miss Jennie Madden and Mrs. Roy Waggener. Mrs. Waggener's paper on "Othello" as a picture of jealousy and intrigue was filled with interest. "Shakespeare in Song" was the subject of an illustrated discussion led by Miss Madden who illustrated the various types of Shakespearean music with Victrola records.

The next meeting which will be held in three weeks at the home of Mrs. J. C. Sexton, will be a guest day and Mrs. Demarehus Brown, the club lecturer, will give a lecture on "Hamlet."

The annual thank offering for the Woman's foreign missionary society of the St. Paul's Methodist church was taken up at the public service Sunday morning. The collection amounted to almost a hundred dollars which was the largest thank offering in several years. The money will be given to the fund for the building of a girls school in India.

Doctors Fail

"Terrible case of Eczema—contracted when a mere boy—fought disease for ten years, with half dozen specialists. Both legs in terrible condition. Almost a nervous wreck. It took just 3 bottles to clear up this disease." This is the late testimony of a prominent newspaper man. His name and his remarkable story in full on request. We have seen so many other cures with this marvelous liquid wash that we freely offer you a bottle on our personal guarantee. Try it today.

Social Calendar

Wednesday

Regular meeting of the Baptist Missionary society in the afternoon with Mrs. E. E. Perrin, 602 North Morgan street.

Band of Workers of the First Presbyterian church in the afternoon with Mrs. J. T. Kitchen, 340 West Third street.

Willing Workers Sunday school class with Mrs. Lucian Miller, Fifth and Perkins street in the afternoon.

Pythian Sisters meeting in the evening in the Knights of Pythias club rooms at 7:30.

Tri Kappa meeting in the evening with Mrs. Earl Moore, 816 North Harrison street.

A special thank offering sermon was preached by the Rev. Clyde S. Black after which Mrs. J. H. Scholl, president of the organization, gave a short talk and there was a special program of musical numbers.

At the next meeting of the Ladies Aid society of the St. Paul's M. E. church which will be held Tuesday afternoon, March 12, at the home of Mrs. Frank Sparks, the women knitting squares for the quilt to be given to the Red Cross, are asked to have their blocks completed at that time in order that the quilt can be put together and completed. The flag, for the center of the quilt has been secured by Mrs. Minnie Abercrombie and will be ready for use at the next meeting.

The Easter Sunday program of the Methodist Sunday school will be given at the evening church service, according to the plans made at the teachers meeting held at the home of Mrs. R. G. Budd last evening. The Easter offering will also be made at this meeting. Heads of the departments constitute the program committee. To have 80 per cent of the membership present at the Palm Sunday service, is the aim set for attendance, the week before Easter.

An enthusiastic start for the course of eight Mission Study lessons was made at the meeting held

Silks of Originality

A choice gathering of the rich, the beautiful silks for Spring in all the weaves, colors and varied shadings that have the preference of fashion—a thoroughly complete collection.

NEW TAFFETA SILKS—A popular favorite for this season. These are 36 inches wide and are shown in all the wanted shades.

FOULARDS—to be very good this Spring. Many exclusive patterns are shown in wonderful array.

CREPES—are to be used very extensively this season alone and in combination with taffeta.

SILK SHIRTINGS—beautiful showing of patterns in plain and stripes. Also some exquisite patterns for men's shirts.

These with countless other silks shown in all the new colors—among them Orchid, Reseda, Military Blue, Rookie, Rose, Khaki, Sand, Clay.

New Arrivals in Collars

DRESSY

draped collars of heavy Georgette crepe, trimmed with extra fine quality filet lace, dainty tatting lace and filet medallions.

BUSTER BROWN

collars—worn with foulard and polka dot ties—a very "chic" novelty.

ROLL

collars of all silk, wash satin, sateen lined and hand tailored. Shown in plain white and colors.

SPORT

collars—Very popular novelties are tie collars of navy foulard, with fancy figure or polka dot.

The styles we show are smart, clever and are bound to meet with your approval.

Browning's Faith In God Is Shown

Prof. W. E. Jenkins of Indiana University Also Contrasts Poets Work With That of Tennyson in Lecture Before Shakespeare Club and Guests.

Browning's faith in God, his extreme optimism and his hope of the future were all brought out in the very interesting lecture given before the members of the Shakespeare Club and their guests in the library at the court house last night by Prof. William E. Jenkins of Indiana university. This particular trait in a number of the poet's best known and most beautiful poems was pointed out by the speaker in connection with a number of other marks of art of Robert Browning.

The speaker mentioned also, in the light of this fact, that it was a matter of great distress to the poet that his wife placed any faith in spiritualism. A forceful comparison of the work of Browning and of Alfred Tennyson was shown by Prof. Jenkins. In addition to the different attitude that the writer's take on many subjects, is their difference in style. Tennyson's smoothly written academic style contrasts the rugged and varying type of Browning.

Readings were given from "Pippa Passes," "Rabbi Ben Ezra," "Saul," "The Last Duchess," "The Statue," and "The Bust," and a number from other of his best known poems and special points in each of the poems mentioned.

at the home of the Rev. and Mrs. C. S. Black last evening. The meeting will all be held at the church, on Monday evening. Next Monday, the meeting will be in the choir room. The Rev. Mr. Black is leader for the course on "The How and Why of Foreign Missions."

Miss Anna Bhannon will attend the state meeting of the women chairmen of the Third Liberty Loan drive to be held at the Claypool hotel in Indianapolis tomorrow. Definite plans for an intensive women's campaign will be made at the meeting which will be attended by the county chairmen of the entire state.

Mrs. J. T. Kitchen will be hostess to the members of the Band of Workers of the First Presbyterian church at the regular meeting which will be held tomorrow afternoon at her home in West Third street. The hostess will be assisted by Miss Katherine Petry and Mrs. J. Q. Thomas.

A wedding of interest to Rushville residents was solemnized Sunday in Newport, Ky., when Miss Helen Stoehr and Hugo Williams both of Connorsville, were married. Both Mr. and Mrs. Williams are exceedingly well known in this city where they have been frequent visitors.

The Always Present class of the Christian Sunday School will be entertained by Miss Gladys Bebout at her home in North Maple street on Thursday evening of this week. There will be a short business meeting, after which the members will take up Red Cross sewing. A full attendance is urged.

Mrs. L. M. Smyser of Logansport, grand worthy matron of the Eastern Star will be the guest of honor at the meeting which will be held Friday evening in the Masonic temple. A banquet will be served at 6:30 after which there will be degree work by the local team.

The regular meeting of the Woman's Missionary society of the Little Flatrock Christian church will be held Thursday afternoon at the home of Mrs. Bert Heaton. A program will be the feature of the afternoon's meeting.

The meeting of the Willing Workers Sunday school class of the St. Paul's Methodist church will be held Wednesday afternoon at the home of Mrs. Lucian Miller instead of Thursday as formerly announced.

The regular business meeting of the Pythian Sisters will be held tomorrow evening in the Knights of Pythias club rooms. Several business matters of importance will be brought up for discussion and a good attendance is desired.

The members of the Kappa Kappa Kappa sorority will be entertained tomorrow evening at the home of Mrs. Earl Moore in North Harrison street. All of the members are urged to be in attendance.

Red Cross Notes

The Indianapolis Red Cross has replaced the supplies for Base Hospital No. 32 which were lost on a ship sunk by a German submarine several weeks ago. Thirty-two large boxes were completed in a short time by the Indianapolis workers and sent for foreign service. Included in the articles were hospital supplies of every kind.

A large box of hospital supplies and a box of surgical dressings were shipped from the local Red Cross headquarters Saturday. In addition to the regular hospital garments ten comforts, made by the women of the county, from the scraps of blankets used in cutting pajamas and bed shirts, were included in the shipment.

FARMERS URGED TO MOVE WHEAT

Appeal is Made by Food Administration—President's Action to Have Influence

GRAIN DEALERS CO-OPERATE

Since 1918 Prices Are Fixed Nothing is Gained by Holding it Any Longer

Appeal to Indiana farmers that they move their wheat at this time is renewed today by the federal food administration. The action of the president in determining a maximum price for 1918 wheat, the same as obtained in 1917, is expected to prove of compelling influence with many farmers, who are believed to have been holding their wheat in expectation of a higher price.

The Indiana Grain Dealers' Association is co-operating with the food administration and has been instrumental in listing through George C. Bryant, field agent of the department of agriculture operating in Indiana, the names of about 1100 farmers. These farmers reported wheat on hand ranging from a few bushels up to 4500 bushels.

The food administration is using three points of argument in endeavoring to persuade the farmers to act promptly in the matter.

1. The 1918 prices have been fixed and nothing is to be gained by holding wheat longer.

2. Farmers will soon be too busy with planting to give attention to this important matter.

3. The millers need and want the wheat now and it is important that if the stream of food stuff is to continue eastward to our armies and associates in the war, the mills must be permitted to keep on operating.

Doctors Hand Out Live Tips

They Take Public Into Their Confidence

Prominent physicians claim people fail in life because of "nerve hunger" that it is the active bright-eyed, strong nerved man or woman who is "there" at work or play.

Strong, well nourished nerves is the great secret of success, health and happiness.

Men and women try to live regardless of health, strength, ambition, energy and hope, they exceed the speed limits, wasting nerve strength and energy and fail to store up reserve force, afterwards they only exist, life has no joys.

Without energy, ambition, strong nerves, and pure blood one cannot hope to enjoy the fullest measure of success and happiness.

A noted specialist says, "Phosphated Iron brings strength to the blood, nerves and brain, that it is a perfect combination of vital elements of great tonic qualities when taken by 'Nerve-sick humans', that it will increase body and nerve energy, restore ambition and staying powers."

He also says: "If you are the victim of overwork, worry, excess of mental and physical forces, have the blues, and the pleasures of life are no longer enjoyable, that you need Phosphated Iron to brace, build you up and put you on your feet again."

Special Notice—To insure physicians and their patients getting the genuine Phosphated Iron we put up in capsules only, so do not allow dealers to substitute any pills or tablets.—PITMAN & WILSON and leading druggists everywhere. Rushville, Ind.—(Adv.)

PLACES DAMPER ON SPRING CLEANING

High Cost of Cleaning Materials Will Tend to Lessen the Ardor of House Cleaning

ADVANCE OF FIFTY PERCENT

Has Been Made in Brooms, Mops and Soaps Because Raw Materials Are Used "Over There"

Rushville housewives may be compelled to give up or at least restrict their spring house cleaning this year if the high cost of keeping clean continues to mount. Every article used in the upkeep of domestic cleanliness has risen in price no doubt "on account of the war."

Brooms last year cost fifty cents, several years ago the same brooms could be bought for thirty-five cents while this year the average broom is selling for a dollar. According to the grocers the high cost of brooms is due to the fact that the demand greatly exceeds the supply of broom corn.

Mops which sold at a small amount over two dollars before the war are now retailing at four dollars. The high price of cotton is blamed for this advance. So with the costs of soaps, cleaning powders and ammonia. Everything which is being used "over there" has advanced in price.

"There never was a spring when cleaning was needed as badly as now," declares the housewife hopelessly. "The winter, with the use of coal which we hitherto did not use has been exceedingly hard on the interior of homes."

Rush county women are willing to assist in winning the war in the kitchen but do not see how the kitchen in which the war is to be won is going to be as clean as it should be.

INDIANA SEALS NET OVER FIVE THOUSAND

\$5,635 is Sent to National Headquarters As Result of Red Cross Seals Sale

REPRESENTS 10 PER CENT

Indianapolis, Ind., Mar. 5.—Today the Indiana Society for the Prevention of Tuberculosis is sending to the American Red Cross at Washington, D. C. five-thousand six-hundred thirty-five dollars as its commission on the Indiana sale of Red Cross Seals. Fifteen percent of the total sale remains to finance the state campaign and the organized county tuberculosis societies retain seventy-five per cent of their total sales for their local work.

Due to the splendid cooperation of the people of Indiana, the sale in the state increased fifty per cent over that of 1916. The county tuberculosis societies are now better than ever prepared to co-operate with the county Red Cross chapters in the care of the rejected tuberculous soldier and others needing their service in the community.

Press Time Earlier To Accommodate Patrons At Both Milroy and Carthage

On account of the change of time on the Big Four, taking effect this week and the addition of another train each way, The Daily Republican is now going to press earlier in the afternoon so as to accommodate patrons in Milroy and Carthage which may be reached on the evening of the day the paper is printed. It is essential that advertisers have their copy in the Republican office each morning at 10:30 to insure the appearance of their advertisement in the issue of the same day.

Positively the most sensational bargains ever known of anywhere. For the past 18 years Mm. G. Mulno has conducted one of the finest and highest class establishments of its kind in this county, never deviating from the policy of carrying only the highest class of dependable men's clothing and furnishings procurable from the best wholesale markets made by America's foremost master tailors. The business has grown and prospered until the unsettled business conditions brought about by the war, and extremely high prices Wm. G. Mulno is compelled to reduce his stock. And the entire stock, without reserve or limit will be thrown on the market at prices that will startle the wholesalers and manufacturers of this section, to say nothing of the retailer. And will open your eyes with amazement and are bound to stagger and bewilder the most skeptical. We promise you that this will be the most masterful demonstration of value giving ever known of in this county—This is the kind of a sale that you'll remember for life.

Biggest and Most Sensational Bargains Ever Offered

Every Article In Our Store Guaranteed

We guarantee absolute satisfaction or your money back. It will be the supreme clothing event of the decade not alone in Rushville, but in all Indiana—a clothing concern which has served you faithfully will now distribute into the homes of the people the entire stock of high grade hand tailored hand made clothing, manufactured by America's foremost tailors. Furnishing Goods, Hats, Caps, Etc., at prices that would hardly cover the cost of labor, letting the material entirely out of the question. It will be a sale that will go down in Indiana history as its greatest bargain sale; and the wise will come early. First Come, First Served.

The Great War In Europe

Has raised prices on all classes of merchandise and even to such an extent that it has already worked a hardship on the buying public, to say nothing of the high prices that you will pay next season—at which time we have every reason to believe that prices on men's clothing and furnishings will be higher than ever in the history of this country, but with this great public sale coming as it does, you will now be able to buy clothing at prices never before heard of in the State of Indiana. Right now when every merchant is exacting the highest prices in the history of the country, you will be able to come here and buy for years to come at less than cost.

NEW BREAKFAST RULE MAPLE TREE TAPPING FOR EATING HOUSES BEGUN OVER INDIANA

First Meal of Day Must Be Meatless and Wheatless in Hotels and Restaurants

MUST PRINT LICENSE NUMBER

Indianapolis, Ind., March 5.—Hotels and restaurants have been notified by Dr. Harry E. Barnard, federal food administrator for Indiana that "In order to carry out effectively the terms of President Wilson's recent proclamation outlining the wheatless and meatless program under which we are now living," breakfast is designated officially as the meatless and wheatless meal for each day's observance.

Hotel and restaurant deputy food administrators are likewise notified of the decision of the Indiana food administration and will be expected to see to it that the order is observed.

Hotels and restaurants holding bakers' licenses under the federal food administration will be required to print their license number upon all menu cards. This is a regulation announced by the federal food administration, which expects to use this method of checking up the observance of the regulations. All public eating places using as much as three barrels of flour per month are required to secure a bakers' license.

PASSENGER SERVICE CUT

Trains Between Chicago and St. Louis Reduced Forty Per Cent

Washington, March 5.—Passenger train service between Chicago and St. Louis was cut forty per cent by the director general of railroads Monday. Interchangeable tickets were placed on sale in Chicago and St. Louis.

This marks the beginning of the wholesale slashing of passenger service. The new service is effective March 17. Six of fifteen passenger trains between the two cities were ordered discontinued.

BUILDING ORDNANCE BASE

Washington, March 5.—An ordnance base costing \$25,000,000 is under construction in France and is well under way, the department has announced. It includes 20 storehouses, 12 shop buildings, 100 smaller shops and magazines and machine and tool equipment costing \$5,000,000.

SALT AT BALL AND ORMES

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Revival of Sugar Industry Co-operates With Food Conservation Leaders

SUPPLIES RUNNING SHORT

Indianapolis, Ind., March 5.—Revival of the maple sugar industry throughout Indiana, has been reported to the state food headquarters here practically every county in the state has reported that trees being tapped and the product procured.

Practically every camp in the state which is worth operating, is being operated.

Supplies have been running short, and it has been difficult for farmers in some sections to procure an adequate supply of pails and evaporators.

Maple syrup this year will cost about \$1.50 to \$1.75 a gallon in most sections of the state.

Amusements

"The Bride's Silence," a sensational and thrilling drama in five acts, will be the attraction at the Gem theater tonight and tomorrow episode No. 9 of "The Hidden Hand" will be shown. There will also be a Lonesome Luke comedy and the Pathe News. Thursday Gladys Brockwell will appear in "Conscience."

Miss Gail Kane is revealed at her best in the new Mutual-American photodrama, "The Bride's Silence," a production that offers the young star full opportunity to display her splendid emotional genius.

When the play was first shown to Miss Kane she declared her faith in its success as a picture drama to the delight of Director King, who had picked "The Bride's Silence," as a first-class medium for the expression of her talent.

The character of Sylvia Standish, assumed by Miss Kane is a remarkable one. It is a psychological study that reveals that ramifications of the human mind and the effect of the higher emotions thereon. The strong plot is supported by the equally strong situations and Miss Kane's success in the piece is due to her keen insight into essentials of the story which are portrayed in vivid picturing.

With an advance sale that breaks all records everything is set for the engagement at the Princess, Wednesday and Thursday of D. W. Griffith's colossal spectacle "Intolerance."

All the interest that has been aroused in this production becomes tame when it is shown. Nothing like its equal was ever dreamed of before. It is so big that the figures of its people and its five thousand different scenes stagger you. However, when you consider that 125,000 people appear in the production with 7,000 horses and 1,500 chariots you form some idea of its comprehensive details. In keeping with this largeness of outline is its bigness of purpose and theme.

It tells four stories that encompass the high lights in the world's developments. It links Babylon and the Holy Land and medieval France all in scenes which join their purpose with the poetry, the romance, the comedy and the tragedy of every day existence as it is to be found in an American city of the present time. It contains everything that is permissible in drama and shows the luxury of ancient courts contrasting with the misery of modern hovels. It shifts from a scheming plotting court of Paris in the time of the religious persecutions to the more sinister and cruel persecutions of this age when over-Lords of regulation would drain the laughter and smiles of the people through the sieve of their intolerant meddling.

ANTI-SALOON DAY

Anti-Saloon Day will be observed by the churches of the city on next Sunday. A representative from the state Anti-Saloon League will be in every pulpit and deliver an address. The complete program of speakers has not yet been obtained. The observance of the day is annual in very county and city in the state, although the day varies in different localities.

EDISON RE-CREATIONS

Notice:- To Owners of the Edison Diamond Disc Musical Instruments

Do Not Play the Re-Creation or Records with any Attachment or any Instrument except the Edison

Some people have been led to believe that this re-created music could be had by playing Edison records on other Phonographs or Talking Machines.

Such is not the case. The actual re-creation of music can be had ONLY by means of the New Edison, with its Diamond Disc reproducer and geared tone arm, which floats the diamond reproducer exact as the record was made for it. We decline responsibility for damage that may occur when this notice is ignored.

In the meantime call at our store and let us explain and demonstrate this instrument to you and show its wonderful merits of recreating music the same as the original.

LIBERTY LESSONS IN LOCAL SCHOOLS

Schools to Assist in the Sale of
Bonds During Third National
Campaign

ONE LESSON EACH WEEK

Manual Training Department to
Make Checker Board For Soldiers
—Thrift Stamp Posters

A Liberty loan lesson is taught to the children in the junior high school every week and according to Supt. J. H. Scholl, this practice will be continued until the close of the third Liberty Loan campaign.

Liberty Loan leaflets are distributed here each week and are used by the reading classes after which explanations and discussions concerning the loan are given in order that the pupils may fully understand the campaign.

"There is a double purpose in giving the school children definite information regarding the loan campaign," declared Supt. Scholl. "The effect will be felt directly through the children and indirectly through the effect the children will have on their parents."

A plan is on foot among state school heads to keep in touch with county school superintendents to see that Liberty Loan news is distributed to each school in the state each week. Local and county school authorities have taken an active part in the preparation for the beginning of the campaign and it is believed that the schools will assist in the sale of bonds more during the third campaign than ever before.

Two more calls have been made upon the school children of Rushville to serve their country and they are responding with their usual promptness. Both of these duties fall with certain departments. An order has come to the Manual Training department to make a checker board of certain measurements, which will also serve for a game board, for the army Y. M. C. A. Similar orders have been sent to a number of manual training departments. The local boys, who have already excelled in Manual training, have entered upon the task with great interest and the board will soon be completed.

"A poster contest," is the latest request of the treasury department, which asks that the art pupils compete in making the most Thrift Stamp posters. The request has just come but the department will take up the work immediately, urging the young artists to take part.

SALE BREAKS ALL RECORDS

McCorkle-Jackman Stock Auction
Monday Nets \$23,302

The McCorkle-Jackman stock sale held at Frank McCorkle's barn in Milroy yesterday has by far broken all records of any of its kind ever held in Rush county. The sale totaled \$23,302.70. The closest one ever held in the county was the sale of the Daniel Brown estate, that still holding the record for a general farm sale. The receipts from that sale were \$15,500, and it was held November 3, 1916. The McCorkle-Jackman sale was a general stock sale.

INDICTMENTS ARE REGARDED AS VOID

Bench Warrants Withdrawn Since
Ruling Grand Juries Must be
Drawn in Regular Way

NEW NAMES DRAWN FROM BOX

Bench warrants issued for the arrest of persons indicted by the grand jury last week have all been withdrawn since the decision of Special Judge Will A. Hough of Greenfield in circuit court Saturday afternoon sustaining the plea in abatement of the defense in the case of the state against Curtha Wagner, charged with perjury. The ruling of special judge was based on the decision of the Indiana supreme court handed down last week, in which it was set forth that an indictment by a grand jury which was not drawn in the way provided by law was not legal.

Three members of the grand jury which returned eleven indictments last week were excused for cause and three members were "picked up" without their names having been drawn by the jury commissioners in the regular way. These three men, Alfred Caldwell, John A. Jones and O. M. Harton have been excused by Judge Sparks and Edgar Morris, Maury Bebout and Edgar Wilson have been drawn to take their places. The grand jury will meet Thursday and take up the investigations which resulted in the indictments.

BALANCE OF AGENT FUND TO BE RAISED

This Will Be Outgrowth of Meeting
of About Fifty Farmers Monday
Afternoon

NEED ABOUT \$10 TO TOWNSHIP

The necessary \$500 to get a county agricultural agent here will be raised very shortly as an outgrowth of the meeting of farmers yesterday afternoon to plan the campaign. It was reported at the meeting that approximately \$230 had been contributed to the fund already and that about \$30 was subscribed at the meeting. Proportioned among the townships, the balance makes about ten dollars to the township. Committees were appointed to get the sum needed from each township.

T. A. Coleman, formerly of this county, who is in charge of county agents work under the Purdue university extension department, addressed the meeting. Some opposed to a county agent were present and proposed that a vote be taken to see county agent. There were about fifty farmers present.

"That is beside the question," replied Mr. Coleman to the proposal. "The government has said that to increase crop production as desired, there should be an agricultural agent in every county. Now it remains whether you men want to be on the side of the government to win the war or against it."

FLOUR RULING IS AGAIN MODIFIED

Farmers no Longer Limited to 12½
Pounds But May Meet Family's
Needs For 2 Weeks

THE LIMIT IS FIFTY POUNDS

City Customers Urged Not to Take
Advantage of Ruling and Buy
at More Than One Store

The ruling limiting farmers to a purchase of 12½ pounds of flour has been modified so that a sufficient amount may be bought at one time to "meet a family's needs two weeks after the date of purchase, but in no case shall the purchase exceed fifty pounds." The rule was modified because farm work is beginning intensively and farmers will need their teams for farm work instead of going to town. The notice has been sent out by Food Administrator Barnard to all county food administrators.

The notice reads: "Farmers who live at a distance from stores, and who use only home-baked bread, can not plow land if their teams have to go to town frequently to bring home flour." The notice further says that "in towns where baker's bread is not available the limit may be extended to twenty-five pounds."

In part, the letter to county food administrators reads:

"The flour shortage is acute. Reports received from fifty counties show a stock on hand sufficient to meet our usual needs for eight days. With the use of an equal amount of substitutes we are assured of a supply until about March 15. But the stocks are not well distributed. Many counties are almost without flour, others have a fair supply. The demands for wheat and flour for export grows more urgent daily. Only the most careful control of the distribution of flour will carry us through to the next harvest."

Grocers are asking the co-operation of the public in observing the strict rulings. Many questions have come up as to where the limit of town and country people live, the rulings for country customers allowing them more flour at one time

RELATIVES PIN STARS IN THE SERVICE FLAG

Unfurled at Manila Methodist
Church Before Large Audience—
Names of Boys Honored

LIBERTY GUARDS TAKE PART

The service flag of the Manila Methodist church was unfurled Sunday evening in the midst of a large crowd when appropriate services were conducted by the pastor the Rev. Mr. Anthony.

A program of patriotic music was given and the Liberty Guards, a company of state militia recently organized at Manila participated in the ceremonies. The names of the boys from the Manila community in the service were called and as each name was mentioned, the nearest relative of the young man present, stepped to the flag and pinned a star in the white field. Stars for the following boys are in the flag:

Fred Shelton, Ralph Fox, Carl Miller, William Hilligoss, Cyrus Patterson, John Passmore, Arthur Wallace Edwards, Joseph Arbuckle, Albert Cotton, Harry Rodzell, Oral Hedge, Clifford Haebl, Dr. Depeze Inlow, Dr. Fred Inlow, and Claude Strode.

LOCATION OF LILLY UNIT IS DISCLOSED

Members of Hospital Unit No. 32
Stationed Back of American
Sector at Toul

LETTERS REFER TO CABLE

Which Disclosed Station of Unit at
Contrexeville a Small French
Town

The Lilly base hospital unit, No. 32, in which there are a number of Rush county men and women, is believed to be stationed at Contrexeville, France, a small town south of Toul, which is about thirty miles back of the firing sector recently taken over by American troops.

"See the issue of the Youngstown, O., Telegram of January 4," has been contained in a number of letters written home from members of the unit. Investigation disclosed that the Youngstown paper on that day published a cablegram from a member of the base hospital No. 32 stating that they had just arrived at Contrexeville, France, and it is believed that members of the Lilly base unit have resorted to this manner of telling homefolks of their exact location, fearing the censors would "cut" their letters if they attempted to disclose their station in the usual manner.

It is inferred from circumstances of course, that members of the hospital unit or at least part of them are at the French village, Contrexeville. That the hospital unit is stationed near the firing line has been made plain by recent letters received here which stated that "they could hear the boom of the big guns on the firing line."

Some letters received, however, have indicated that the members of the base hospital No. 32 are at Nancy which is some distance from Contrexeville. Messages from Capt. Dolph Humes have indicated that the headquarters were at a city in France well known as a famous watering place where several large hotels had been turned over to the use of the unit. Nancy is much larger than Contrexeville and the chance for occupying several large hotels would be much better.

Artillery At Columbus

ARRESTED WEEK AGO MONDAY

Chase (Bill) Taylor, brother of Chester Taylor who was convicted of assaulting Chief of Police Yakey, was dismissed in police court this morning on motion of the prosecuting attorney and will be voluntarily inducted into the army Thursday. Taylor was arrested a week ago yesterday by Chief of Police Yakey on a charge of public intoxication just a short time before he started to arrest Chester, which was the beginning of the trouble which caused Chester to be sent to the state penal farm for 90 days and fined \$200.

Chase has been in jail ever since he was arrested awaiting arraignment in the police court. It is understood that he was discharged on the promise that he would voluntarily go to the army out of his order. He has selected the coast artillery and will be sent to the barracks at Columbus, O. Taylor probably would have come in the next quota.

GRANTED A DIVORCE

Florence Morris has been granted a divorce from Clyde Morris by Judge Sparks on payment of costs and the custody of her minor child. She also was allowed \$350 a week for the support of the child.

PLAN DISTRICT MEETING

Methodist Ministers Meet Here To-
day to Make Arrangements

Definite plans for the district meeting of Methodist ministers to be held in May were made at the all day session of ministers of the churches from several points in the district held today at the home of the Rev. C. S. Black. Eight ministers attended the meeting, which was presided over by Dr. C. E. Bacon, district superintendent, some being from Connersville and Shelbyville. Manila and Carthage have asked for the meeting.

RUSH COUNTY WILL PROVIDE 2 LABORERS

Quota For First Call Under New
System—Men From Class One
For Ordnance Corps

TWO MEN HELD FOR SERVICE

Rush county will have to provide two laborers out of class one registrants to make up the quota from this state to be inducted into the ordnance corps, according to word received today by the army selection board here. The men have not been selected. The board will consult the questionnaires and pick two men nearest the head of the list who are qualified. The order points out only white men who are physically qualified for general military service are wanted. They will leave the latter part of the week for Fort Screven, Georgia.

The board has made out the necessary papers for Joseph R. Schulte who registered in Ripley township and is in class one, to be inducted voluntarily into the service from Richmond where he is employed. He will go to the coast artillery at Columbus, O.

The board has passed on five more physical examinations, holding two for service, one for limited service and disqualifying two: William J. Snuman of Mays and John J. O'Reilly were found physically unfit and Henry Oneal was held for limited service. Joseph L. Thierff of Manila and Clifford A. Harwick of this city were found physically fit.

PERMANENT BODY IS FORMED FOR THE WAR

Meeting Held in Court House Re-
sults in Organization Covering
Whole County

COMMITTEES ARE APPOINTED

A war relief organization "for the duration of the war" with a committee of three in every township in Rush county and an executive committee of five, consisting of heads of five war organizations, was the plan perfected at the meeting of representatives of all parts of the county held in the court house this afternoon. After the plan was determined upon, the representatives from each township met and selected their committees.

The new organization will have a number of advantages. T. M. Green, chairman of the County Council of Defense, and E. B. Thomas, chairman of Red Cross cited. Energy will be saved, there will be no duplication, for the committees are to have charge of all war relief work in the future. This shall not be interpreted to mean, they explained changing any present organizations, however.

REPULSE GERMAN ATTACK

Paris, March 5.—American forces repulsed a German surprise attack in the Lorraine region and took some prisoners, the French war office announced today.

DOES NOT APPROVE JAP INTERVENTION

United States Will Not Sanction
Sending of an Expeditionary
Force to Russia

RAISES DELICATE QUESTION

Senator Lewis, Democratic Leader,
Sets at Rest Rumors of Secret
Pact With Japan

(By United Press.)

Washington, March 5.—If Japan sends an expeditionary force in to Russia she will do so without the approval of the United States government.

It was stated on the highest authority that the delicate question facing President Wilson and his cabinet is whether or not to protest against the Japanese proposal and if so how strongly.

The United States—fighting for democracy—"will not allow any conduct from any foreign people that will endanger the principals of democracy," Sen. James Hamilton Lewis, democratic leader, declared on the senate floor in discussing the Japanese intervention in Siberia.

Lewis' declaration was accepted as a virtual guarantee that the United States will not tolerate any suggestion of militaristic gains by the Japanese.

Lewis said also he wished to set at rest rumors that the United States has a secret agreement with Japan.

"There is no alliance between the United States and Japan," he said.

RESIGNATIONS ANTICIPATED

Russian Premier and Foreign Min-
ister Likely to Quit

London, March 5.—The German government has been advised that the resignations of Lenin and Trotsky, Russian premier and foreign minister, are expected, according to dispatches from Berlin today.

A dispatch from Petrograd stated that the enemy is reported advancing on Petrograd.

A German airplane dropped bombs on Petrograd Monday afternoon. Monday night anti-aircraft forces reported driving off airships from the outskirts. The attack occurred after peace was signed at Brest-Litovsk. Both Russian and German official statements said the pact was signed Sunday.

White Brevities

(By United Press.)

Indianapolis, Ind., March 5.—The second Indiana Artillery regiment will not be called into federal service. Provost Marshal Crowder today informed Indiana officials that the federal government will recognize the regiment only as a home guard organization. The men in the regiment will be placed in a deferred class in the draft.

Detroit, March 5.—A trusted station custodian who for several years has been in charge of the Michigan Central depot at Detroit has been seized as a German spy, it was learned today. Detectives charge he reported to German spy headquarters in this country many movements of troop trains.

With the American Army in France, March 5.—American artillery violently bombarded the German trenches during a snow storm this morning, beginning at one o'clock and lasting war hours. German artillery reply was weak. The Germans used their heavy guns in the rear of Montauban.

The
Food Administration
Says:

The Allies look to America for help. They must have meat in ever-increasing quantities. The men who are fighting for you and me MUST have meat and lots of it. Fighting is the hardest work in the world.

All we've got to do is to eat an average of ONE OUNCE less—one cubic inch less—of meat a day. This multiplied by 100,000,000 will make good the need.

We have a superabundance of vegetables. Double the use of vegetables. They take the place of the wheat and meat, and, at the same time, are healthful. Use potatoes abundantly. Use fruits generously.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients in a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

LIBERTY LOAN CONFERENCE

A. L. Riggs Attends Meeting Designed to Utilize Parties

A. L. Riggs, Republican county chairman, attended the meeting of democratic and republican county chairmen held in Indianapolis today which was called to plan for the utilization of both political parties in the Third Liberty Loan drive. Every county in the state was to be represented by its county chairmen, who will discuss the intensive campaign and the new form of work that the political parties will do.

Mrs. Minnie Abercrombie has taken a position at the Plough hatshop for the spring season.

The quarterly conference of the St. Paul's M. E. church will be held at the church parsonage this evening at 7 o'clock. Dr. C. E. Bacon, district superintendent, will preside.

George T. Reed, former shoe merchant in this city was adjudged a voluntary bankrupt in the federal court in Indianapolis yesterday. Gates Ketchum was appointed trustee.

Prof. A. F. Stewart, son of Mrs. Sarah Stewart of this city, has safely reached France where he will be engaged in the army. Y. M. C. A. service, according to the cablegram received by his mother. The message read "Albert F. Stewart arrived safely." Prof. Stewart was former principal of the local high school and resigned a position as Latin professor in Monmouth college to enter the service.

A buggy belonging to Charles Mayer of northeast of the city was practically demolished Sunday when the horse hitched to the buggy ran from in front of the home of James Kirkpatrick of West Ninth street where it had been hitched. It became suddenly frightened and broke away from the hitching post, running down the alley and started toward the home of Mr. Mayer's. The buggy was turned over and almost torn to pieces.

FLOUR RULING IS ONCE MORE MODIFIED

than for the people living in the city. Another problem is coming up among grocers for customers who trade with several grocers. Whether or not, they overstep the flour ruling of one pound a week for each member of the family, resist alone with the honor of the customer. With persons who trade at several stores, it would be an easy matter to order flour weekly at each of the stores. So doing, the grocers point out, will make the shortage more serious.

JAMES HOUCK RESIGNS

Indianapolis, Ind., March 5.—James Houck, democrat, has handed in his resignation as a member of the state board of tax commissioners to Governor Goodrich, his term not to expire until next year. He will devote all of his time to an Indianapolis bank in which he is interested.

Exposure Aches

Cold rain, winds, and dampness bring out the rheumatic aches. An application of Sloan's Liniment will soon have the blood circulating and the pain will disappear. For neuralgia, lame back, stiff neck, sprains, strains, and all muscle soreness, Sloan's Liniment can't be beat. No rubbing; it quickly penetrates and does its work without stain or clogging of the pores. Better than plaster or ointments. For cold feet or hands try an application of Sloan's Liniment. Generous sized bottles, at all druggists.

A LIVE WIRE WANTED

A local concern wants the services of a live wire. A young man preferred—one who is a good mixer, polite and has good education.

We do not want a salesman to sell medicine, drugs, coffee, but to represent a Rushville business to people of this county and take orders for an every-day necessity. You work on big commission and on own expenses.

Your salary should never be less than \$25.00 a week. Your work is pleasant and at practically your own time. For various reasons we are not signing our name to this advertisement, but if it interests you and you need a good steady position, and can qualify, we will notify you for an interview.

This proposition should appeal to those who have some sort of conveyance, as the work will take you into the county.

You May Find It In Stocking

Cincinnati authority says your troublesome corns just loosen and fall off

Sore corns, hard corns, soft corns or corns between the toes just loosen in their sockets and fall off the next day if you will apply directly upon the corn a few drops of a drug called freezone, says a Cincinnati authority.
You merely put a drop or two of this freezone on the tender, touchy corn today and instantly the corn stops hurting, then tomorrow sometime you may find the old torturous pest somewhere in your stocking, having fallen off entirely without a particle of soreness, pain or irritation. The skin surrounding and beneath the former corn will be as healthy, pink and smooth as the palm of your hand.
A quarter ounce of freezone is sufficient to rid one's feet of every corn and callus, and any druggist will charge but a few cents for it. It is a compound made from ether.

TROOP TRAIN GOES THROUGH

Ten Coaches Loaded With Soldiers on The Big Four.

"S'long, s'long," came the cheery farewells of the soldiers in the big troop train which passed through the city at dusk last night on the Big Four. The train was headed north and was one of the largest that has passed through Rushville for some time. It contained ten coaches and evidently held all of the equipment of the men. The mess hall was sounding as the train passed slowly through and after waving in a friendly manner to people in the vicinity of the track, the men returned to their cars where a number of soldiers had already "fallen to" their evening repast with much gusto.

Don't Know Americans

German papers are gloating over the sinking of the Tuscania, expressing the conviction that the incident "must unfailingly dampen the spirits of Americans."

If evidence were wanted that Germany is lamentably ignorant of American character the above is sufficient. Americans are the last race on earth to be given to crying over spilled milk. Probably no nation in history has grown to commanding influence in the world over greater opposition than has the United States. Opposition is the bread of life to our people, and your rebellious American has a mild contempt for any opposition that contains none of the element of danger or chance.

If proof were wanted to refute the insinuation of the Germans that we would blanch at the dangers from their submarine, it is found in the fact that before the sink was hardly dry in the papers of this country giving the news of the sinking of the Tuscania, our newspapers on all branches had jumped to records never reached before. Thousands flooded

Here's Where the Fun Comes In

Fumigating the Bradley home where the smallpox quarantine has recently been raised, was quite an event and quite a crowd had gathered about to see each one of the children, after they were fumigated go into the house next door until their home was fumigated by the visiting nurse. Of the thirteen members of the family, twelve had the disease. When the last of the thirteen had left their home and gone next door to wait until their own home was cleaned, some one called, "Mrs. Bradley, are you good and sure you have all of those children out?"

to every branch of the service, many with the avowed purpose of avenging the heroes so shamelessly butchered.

Germany is due for a very rude awakenings as to the real American character. She is also due to learn that when that sense of justice and right has been flagrantly abused and insulted, there is no hesitation on our part to resort to the weapons of force so dear to the German heart.

Germany, however, is merely whistling to keep up her courage. She sees her doom when our troops reach Europe in force.

Boys and Girls Clubs

The members of the boy's corn clubs, pig club, and the girl's canning clubs should be actively at work these days, that the enthusiasm may not be permitted to wane in the slightest degree. The work of these agencies never counted for so much as they will be coming season. The great urgency of food conservation during the coming year opens a field for the activities of these organizations never before offered them. Heretofore their work has been largely as a matter of pride in superior achievement for achievement's sake. Now there is the added incentive that every gain effected counts in the final winning of the war. Each worker has the full knowledge that his or her individual efforts are not only appreciated but urgently needed. This should spur them to the effort to disprove all former records. The young people of the land are exhibiting a splendid patriotism and they may rest assured it is appreciated to the full by their elders.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients combined in the form of the present white ointment. It takes the place of all old-fashioned mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, croup, colds, asthma, neuralgia, headache, congestion, dizziness, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, insect bites, chills, frozen feet, colds of the chest (often persons who have been in the hospital and 30c and 60c jars, hospital size only).

WANT ADS BRING RESULTS

TO STANDARDIZE EVERY CHAPTER

Will be Purpose of District Red Cross Meeting to be Held in Connersville Friday

TO ASSIST WEAK CHAPTERS

Local Organization, One of Best in State, Will be Represented at Meeting

A district meeting of prominent Red Cross workers in the various counties, will be held in Connersville Friday for the purpose of bringing every county organization up to the standard. The meeting will open at noon with a luncheon after which there will be a round table discussion.

In a general way, the work accomplished in the district since the organization of the county chapters will be gone over and any changes for the betterment of county organization suggested by the county representatives, will be made.

Plans will be made to assist several of the counties to get sufficient funds to manage their organizations properly. Because of the demands which are growing greater almost every month, some of the chapters seem unable to flourish and are greatly in need of money. Changes in their organizations and method of conducting Red Cross affairs will probably remedy the trouble.

Although E. B. Thomas, Rush county Red Cross chairman, and Robert Mansfield, expect to attend the meeting, it is not believed that any changes in the county organization will be made here, since Rush county as a result of the ready cooperation of the people, has been getting along exceptionally well and have had little difficulty in securing funds.

This is the first meeting of the kind to be held in the state and will be participated in by representatives of Wayne, Randolph, Henry, Hancock, Shelby, Rush, Fayette, Union and Franklin counties.

CARLOAD OF SEED CORN ALLEVIATES SHORTAGE

Between Eight and Nine Hundred Bushels Enroute to Rush County From Missouri

IS RECOMMENDED BY PURDUE

A carload of seed corn is on the way to Rush county to alleviate the grave seed corn shortage which the farmers were beginning to regard helplessly as corn planting time drew nearer. The corn was grown in Missouri and will be sold at cost, which will be about five dollars a bushel.

The corn, which is of the Reed's yellow dent variety, is of excellent quality and has been grown in Missouri for only one year, the seed coming from Marion county, Indiana. The corn matured early and the rigid test, under which the corn was placed, disclosed the fact that it contained only seventeen percent moisture.

The corn has been highly recommended by Mr. Wiarko of the Purdue crop department and in a telegram urging the purchase of the seed stated that the corn was "O. K. for Rush county soil."

The carload will contain between eight and nine hundred bushels and will be distributed under the supervision of George Green and George Thomas from the Ball and Orme elevator. Marion Detrick, county emergency agent, urges the farmers in need of corn to place their orders with him as early as possible in order that more corn may be ordered if this carload is not sufficient. Orders for seed may be either mailed to Marion Detrick at the county superintendent's office or he may be called over the phone at the same place.

CALLS ON RETIRED FARMERS TO HELP

President of Wabash College Says There Are Many of Them Who Can be of Great Service

AN ADDRESS AT SOUTH BEND

South Bend, Ind., March 5.—"Patriotism in America must make itself felt," declared Dr. George Mackintosh, president of the Wabash College, addressing the Chamber of Commerce yesterday. "The government," he said, "can conscript men for the army and navy and by taxation conscript certain of our earnings and war profits, but there is a branch of the service that calls for our help as free moral agents, and the conscription force back of that must be the social mind."

"The retired farmer is a good business man or he would never have retired," said Mr. Mackintosh, "and there are lots of them from 50 to 70 years of age who can be of great service to the country with their minds, and some of them also with their hands." He called attention to the work being done by the older men of England and France and even by the women, "and they are our allies," he said. "If the worst comes we may have to do the same here in America."

ANTI-SALOON LEAGUE DAY TO BE OBSERVED

For This Reason Rushville Ministerial Association Postpones Armenian-Syrian Relief Week

NEW PASTOR HERE WELCOMED

Plans for the observance of Anti-saloon League Sunday in the churches here next Sunday were discussed at the meeting of the Rushville Ministerial association this morning. Special speakers will be provided for all churches in observing the day. It was pointed out that this is especially important just now since the question of the legality of the state prohibition law is hanging in the balance as well as the fact that the national "dry" amendment is ready to be ratified by the several states.

This morning's meeting was the first held since the Rev. L. E. Brown has assumed the pastorate of the Main Street Christian church and he was welcomed into the organization. The observance of Armenian-Syrian Relief week, beginning next Sunday, as requested all over the nation, was postponed by the association on account of arrangements having already been made for Anti-saloon League day Sunday.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water seals and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to cleanse and stimulate sluggish kidneys; also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

WHERE YOU ALWAYS BUY FOR LESS

THE LITCHFIELD GUARANTEE

Buyers have been so many times misled and disappointed with the usual carelessly given and as carelessly backed up GUARANTEE that we want to tell our customers what a real, genuine machine guarantee is.

We are selling the RUSHVILLE SPECIAL manure spreader, manufactured by The Litchfield Mfg. Co., and we have the privilege of issuing with every machine we put out, a WRITTEN GUARANTEE BOND, which we send to the factory for an official signature, and this guarantee then comes to the owner of the spreader and protects him for FIVE YEARS.

The reason this unusual and unquestionable guarantee can be given on this spreader is because the manufacturers know how it is built and what kind of material is put into it and are ready to back it up accordingly.

The Litchfield Co. have developed this spreader along its present lines for fifteen years. They are the oldest builders of manure spreaders now in the business, and probably are producing the largest number of machines of any one factory in the United States. They make manure spreaders and they make nothing else. They know the game from "A" to "Z" and when you get a Litchfield Spreader from our stock of machines we are in position to give you a KNOWN guarantee which under ordinary conditions and with many ordinary machines, would be entirely impossible.

Come in and see this guaranteed spreader and let us show you the GUARANTEE BOND that we are permitted to issue with it and which is backed by the factory in connection with each individual sale. Come and see for yourself.

Strive To Have Healthy Skin

Next time you are in a gathering of women note the different conditions apparent in complexion. You will see some filled with blackheads, some dry and rough, some smooth and glossy, some smeared with rouge, some streaked with heavy metallic powders and once in a while you will see one that is a demonstration of intelligence from every point of view. The color is rosy, the skin is clear and smooth, the pores are small and open, the powder does not show on the firm vigorous skin. Every woman can have a good complexion if she will only use a little discretion. If you would acquire real beauty, the beauty of perfect health, you must replenish your worn-out nerves with Iodine. Nature's own nerve restorer, and put into your blood the invigorating iron which Nature intended it to have for health. In most of the modern foods these and other vitalizing elements have been largely eliminated. Yet to be healthy and beautiful the system must have them. They are found in Bio-feren, not only in proper proportions to restore weakened vitality but in such form as the system can best assimilate them.

A treatment of Iodine and iron peptonate as combined in Bio-feren increases the appetite, aids nutrition and invigorates the patient.

Said Bio-feren in its tablet form is easy and palatable to take—no liquid.

Iron discoloration of the teeth, no unpleasant taste.

There is no secret or mystery about Bio-feren. Doctors prescribe it regularly because they know exactly what it contains, as well as what it will do and they know they could not formulate a better up-building tonic.

The action of Bio-feren on the system is so beneficial, we are so sure of its giving you positive health and vigor, providing, of course, there is no serious, chronic ailment such as cancer, tuberculosis, etc., that we only sell it on the condition that you agree to return the empty package and accept a refund of your money unless you are entirely satisfied.

There is no use waiting for health and beauty. It is better to do things today than tomorrow. Go to your physician today—right now—he will advise Bio-feren. Then start taking it at once as he advises or as directions on the package call for. The guarantee protects your money. An interesting booklet may be had for the asking.

Large package \$1.00 at all leading druggists or direct if your druggist can not supply you. The Serravallo Remedies Co., Inc., Cincinnati, Ohio.

The Bible study will be in charge of Mrs. Wilford Grindle after which Mrs. Albert Allen will discuss the study chapter on "Conflicts of Today in Africa." Hidden answers will be in charge of Mrs. W. O. Walton and the musical program in charge of Miss Wanda Wyatt, will be given by the Misses Lucile and Maxine Brown.

The hostesses for the meeting are Mrs. D. M. Hilligoss, Mrs. Cliff Winship, Mrs. Will Amos, Mrs. Carl Behner, Mrs. H. B. Carmichael, Mrs. J. D. Case, Mrs. G. V. Conaway, Mrs. D. H. Dean, Mrs. J. P. Frazee, Mrs. Wilford Grindle, Mrs. Leila Gilbert, Mrs. C. J. Parsons and Mrs. Robert Powell.

A pleasant meeting of the Monday Circle was held yesterday afternoon with Mrs. B. F. Miller at her home in North Morgan street. The program was in charge of Miss Jennie Madden and Mrs. Roy Waggener. Mrs. Waggener's paper on "Othello" as a picture of jealousy and intrigue was filled with interest. "Shakespeare in Song" was the subject of an illustrated discussion led by Miss Madden who illustrated the various types of Shakespearean music with Victrola records.

The next meeting which will be held in three weeks at the home of Mrs. J. C. Sexton, will be a guest day and Mrs. Demarecus Brown, the club lecturer, will give a lecture on "Hamlet."

Browning's Faith In God Is Shown

Prof. W. E. Jenkins of Indiana University Also Contrasts Poets Work With That of Tennyson in Lecture Before Shakespeare Club and Guests.

Browning's faith in God, his extreme optimism and his hope of the future were all brought out in the very interesting lecture given before the members of the Shakespeare Club and their guests in the library at the court house last night by Prof. William E. Jenkins of Indiana university. This particular trait in a number of the poet's best known and most beautiful poems was pointed out by the speaker in connection with a number of other marks of art of Robert Browning.

The speaker mentioned also, in the light of this fact, that it was a matter of great distress to the poet that his wife placed any faith in spiritualism. A forceful comparison of the work of Browning and of Alfred Tennyson was shown by Prof. Jenkins. In addition to the different attitude that the writer's take on many subjects, is their difference in style. Tennyson's smoothly written academic style contrasts the rugged and varying type of Browning.

Readings were given from "Pippa Passes," "Rabbi Ben Ezra," "Saul," "The Last Duchess," "The Statue," and "The Bust," and a number from other of his best known poems and special points in each of the poems mentioned.

at the home of the Rev. and Mrs. C. S. Black last evening. The meeting will all be held at the church, on Monday evening. Next Monday, the meeting will be in the choir room. The Rev. Mr. Black is leader for the course on "The How and Why of Foreign Missions."

Miss Anna Bannan will attend the state meeting of the women chairmen of the Third Liberty Loan drive to be held at the Claypool hotel in Indianapolis tomorrow. Definite plans for an intensive women's campaign will be made at the meeting which will be attended by the county chairmen of the entire state.

Mrs. J. T. Kitchen will be hostess to the members of the Band of Workers of the First Presbyterian church at the regular meeting which will be held tomorrow afternoon at her home in West Third street. The hostess will be assisted by Miss Katherine Petry and Mrs. J. Q. Thomas.

A wedding of interest to Rushville residents was solemnized Sunday in Newport, Ky., when Miss Helen Stoehr and Hugo Williams both of Cornersville were married. Both Mr. and Mrs. Williams are exceedingly well known in this city where they have been frequent visitors.

The Always Present class of the Christian Sunday School will be entertained by Miss Gladys Behout at her home in North Maple street on Thursday evening of this week. There will be a short business meeting, after which the members will take up Red Cross sewing. A full attendance is urged.

Mrs. L. M. Smyser of Logansport, grand worthy matron of the Eastern Star will be the guest of honor at the meeting which will be held Friday evening in the Masonic temple. A banquet will be served at 6:30 after which there will be degree work by the local team.

The regular meeting of the Woman's Missionary society of the Little Flatrock Christian church will be held Thursday afternoon at the home of Mrs. Bert Heaton. A program will be the feature of the afternoon's meeting.

The meeting of the Willing Workers Sunday school class of the St. Paul's Methodist church will be held Wednesday afternoon at the home of Mrs. Lucian Miller instead of Thursday as formerly announced.

The regular business meeting of the Pythian Sisters will be held tomorrow evening in the Knights of Pythias club rooms. Several business matters of importance will be brought up for discussion and a good attendance is desired.

The members of the Kappa Kappa Kappa sorority will be entertained tomorrow evening at the home of Mrs. Earl Moore in North Harrison street. All of the members are urged to be in attendance.

Red Cross Notes

The Indianapolis Red Cross has replaced the supplies for Base Hospital No. 32 which were lost on a ship sunk by a German submarine several weeks ago. Thirty-two large boxes were completed in a short time by the Indianapolis workers and sent for foreign service. Included in the articles were hospital supplies of every kind.

A large box of hospital supplies and a box of surgical dressings were shipped from the local Red Cross headquarters Saturday. In addition to the regular hospital garments ten comforts, made by the women of the county, from the scraps of blankets used in cutting pajamas and bed shirts, were included in the shipment.

FARMERS URGED TO MOVE WHEAT

Appeal is Made by Food Administration—President's Action to Have Influence

GRAIN DEALERS CO-OPERATE

Since 1918 Prices Are Fixed Nothing is Gained by Holding It Any Longer

Appeal to Indiana farmers that they move their wheat at this time is renewed today by the federal food administration. The action of the president in determining a maximum price for 1918 wheat, the same as obtained in 1917, is expected to prove of compelling influence with many farmers, who are believed to have been holding their wheat in expectation of a higher price.

The Indiana Grain Dealers' Association is co-operating with the food administration and has been instrumental in listing through George C. Bryant, field agent of the department of agriculture operating in Indiana, the names of about 1100 farmers. These farmers reported wheat on hand ranging from a few bushels up to 4500 bushels.

The food administration is using three points of argument in endeavoring to persuade the farmers to act promptly in the matter.

1. The 1918 prices have been fixed and nothing is to be gained by holding wheat longer.
2. Farmers will soon be too busy with planting to give attention to this important matter.
3. The millers need and want the wheat now and it is important that if the stream of food stuff is to continue eastward to our armies and associates in the war, the mills must be permitted to keep on operating.

Doctors Hand Out Live Tips

They Take Public Into Their Confidence

Prominent physicians claim people fail in life because of "nerve hunger" that it is the active bright-eyed, strong nerved man or woman who is "there" at work or play.

Strong, well nourished nerves is the great secret of success, health and happiness.

Men and women try to live regardless of health, strength, ambition, energy and hope, they exceed the speed limits, wasting nerve strength and energy and fail to store up reserve force, afterwards they only exist, life has no joys.

Without energy, ambition, strong nerves, and pure blood one cannot hope to enjoy the fullest measure of success and happiness.

A noted specialist says, "Phosphated Iron brings strength to the blood, nerves and brain, that it is a perfect combination of vital elements of great tonic qualities when taken by 'Nerve-sick humans', that it will increase body and nerve energy, restore ambition and staying powers."

He also says: "If you are the victim of overwork, worry, excess of mental and physical forces, have the blues, and the pleasures of life are no longer enjoyable, that you need Phosphated Iron to brace, build you up and put you on your feet again."

Special Notice—To insure physicians and their patients getting the genuine Phosphated Iron we put up in capsules only, so do not allow dealers to substitute any pills or tablets.—PITMAN & WILSON and leading druggists everywhere. Rushville, Ind.—(Adv.)

PLACES DAMPER ON SPRING CLEANING

High Cost of Cleaning Materials Will Tend to Lessen the Ardor of House Cleaning

ADVANCE OF FIFTY PERCENT

Has Been Made in Brooms, Mops and Soaps Because Raw Materials Are Used "Over There"

Rushville housewives may be compelled to give up or at least restrict their spring house cleaning this year if the high cost of keeping clean continues to mount. Every article used in the upkeep of domestic cleanliness has risen in price no doubt "on account of the war."

Brooms last year cost fifty cents, several years ago the same brooms could be bought for thirty-five cents while this year the average broom is selling for a dollar. According to the grocers the high cost of brooms is due to the fact that the demand greatly exceeds the supply of broom corn.

Mops which sold at a small amount over two dollars before the war are now retailing at four dollars. The high price of cotton is blamed for this advance. So with the costs of soaps, cleaning powders and ammonia. Everything which is being used "over there" has advanced in price.

"There never was a spring when cleaning was needed as badly as now," declares the housewife hopelessly. "The winter, with the use of coal which we hitherto did not use has been exceedingly hard on the interior of homes."

Rush county women are willing to assist in winning the war in the kitchen but do not see how the kitchen in which the war is to be won is going to be as clean as it should be.

INDIANA SEALS NET OVER FIVE THOUSAND

\$5,635 is Sent to National Headquarters As Result of Red Cross Seals Sale

REPRESENTS 10 PER CENT

Indianapolis, Ind., Mar. 5.—Today the Indiana Society for the Prevention of Tuberculosis is sending to the American Red Cross at Washington, D. C. five thousand six hundred thirty-five dollars as its commission on the Indiana sale of Red Cross Seals. Fifteen percent of the total sale remains to finance the state campaign and the organized county tuberculosis societies retain seventy-five per cent of their total sales for their local work.

Due to the splendid cooperation of the people of Indiana, the sale in the state increased fifty per cent over that of 1916. The county tuberculosis societies are now better than ever prepared to co-operate with the county Red Cross chapters in the care of the rejected tuberculous soldier and others needing their service in the community.

Press Time Earlier To Accommodate Patrons At Both Milroy and Carthage

On account of the change of time on the Big Four, taking effect this week and the addition of another train each way, The Daily Republican is now going to press earlier in the afternoon so as to accommodate patrons in Milroy and Carthage, which may be reached on the evening of the day the paper is printed. It is essential that advertisers have their copy in the Republican office each morning at 10:30 to insure the appearance of their advertisement in the issue of the same day.

SUCCESSFUL RAIDS

(By United Press.) London, March 4.—British forces conducted several successful raids on a wide front last night in continuation of the increasing activity. Field Marshal Haig reported Sunday day, in several instances the attacks were carried out by the German machine gunners.

Positively the most sensational bargains ever known of anywhere. For the past 18 years Mm. G. Mulno has conducted one of the finest and highest class establishments of its kind in this county, never deviating from the policy of carrying only the highest class of dependable men's clothing and furnishings procurable from the best wholesale markets made by America's foremost master tailors. The business has grown and prospered until the unsettled business conditions brought about by the war, and extremely high prices Wm. G. Mulno is compelled to reduce his stock. And the entire stock, without reserve or limit will be thrown on the market at prices that will startle the wholesalers and manufacturers of this section, to say nothing of the retailer. And will open your eyes with amazement and are bound to stagger and bewilder the most skeptical. We promise you that this will be the most masterful demonstration of value giving ever known of in this county—This is the kind of a sale that you'll remember for life.

Biggest and Most Sensational Bargains Ever Offered

Every Article In Our Store Guaranteed

We guarantee absolute satisfaction or your money back. It will be the supreme clothing event of the decade not alone in Rushville, but in all Indiana—a clothing concern which has served you faithfully will now distribute into the homes of the people the entire stock of high grade hand tailored hand made clothing, manufactured by America's foremost tailors. Furnishing Goods, Hats, Caps, Etc., at prices that would hardly cover the cost of labor, letting the material entirely out of the question. It will be a sale that will go down in Indiana history as its greatest bargain sale; and the wise will come early. First Come, First Served.

The Great War In Europe

Has raised prices on all classes of merchandise and even to such an extent that it has already worked a hardship on the buying public, to say nothing of the high prices that you will pay next season—at which time we have every reason to believe that prices on men's clothing and furnishings will be higher than ever in the history of this country; but with this great public sale coming as it does, you will have a chance to buy clothing at prices never before heard of in the State of Indiana. Right now when every merchant is exacting the highest prices in the history of the country, you will be able to come here and buy for years to come at less than cost.
